Navigating to Grading

Click the **Student Administration** tab.

Click the **Faculty Services** tab.

Then **click** on **Grading** in the Detailed Navigation menu area.

Finding the Roster for a Course Module and Section

Select the appropriate **Year/Term** using the Drop-down menu in the field.

Select the appropriate **Grade Type**, either Mid-Term Grades or Final Grades.

Click on the **Select** link beside the appropriate course/section.

If you are not the instructor of record you may be permitted as an additional grader to grade the course by selecting the appropriate course/section using the **"Get Roster for"** drop-down search.

The organizational units (Colleges or Departments) and/or the module to which you have access will be displayed. Click on the appropriate choice.

Continue your selections until you have chosen the course number and section.
An alphabetical list of enrolled students will be displayed.

**Entering Grades**

A grade may be entered by either: (1) clicking on the drop-down arrow on the line for each student, or (2) by entering the grade directly into the blank text box field in the Appraisal column.

**Validating Grades**

When the grades have been entered, click the **Validate Grades** icon. This process allows you to “check” the grades to be sure that only valid grades have been entered for each student. This does not submit the grades.

If any of the grades are not valid for that student/course combination, an ERROR message will be displayed.

If there is an error, make the appropriate changes, and then click on the Validate button again.

Adding Grading Comments

If you would like to record a written comment for a particular student/grade, this can be done in the Note field at the right of the Appraisal (grade) column.

Please note these comments CANNOT be viewed by the student through the myUK portal and will not appear on transcripts or grade reports.

Saving Grades

Once grades have been entered and the Validate Grades process has occurred, click the Save Grades icon.

The Save process will allow you to come back at a later date/time to continue with the grade entry or make any necessary changes BEFORE submission of grades to the Registrar’s Office.
Submitting Grades to Registrar

Once the grading process is complete, click the Submit Grades to Registrar icon.

IMPORTANT! The Validate Grades icon must have already been selected and you must correct any errors as noted by the system.

Please be aware that students will be able to view grades in the myUK Web Portal immediately after grades have been submitted to the Registrar’s Office.

Submission of mid-term grades is permitted even if a grade is NOT assigned to every student
Once grades are submitted, grade “changes” must be submitted for any changes or blank grades.

Submission of grades during the Final Grade window is NOT permitted unless each student has been assigned a valid grade.

Once grades are submitted to the Registrar’s Office, the instructor(s) of record will receive an email confirmation stating that grades have been submitted for that course/section.

Once grades have been submitted to the Registrar’s Office, a grade change request must be submitted to change a grade. See QRC – Request a Grade Change in myUK Web Portal for that process.

To exit the portal, click on the Log Off link in the upper-right corner of the portal screen.
