Add Second Program of Study (Dual Degree or Certificate)

Process: Use this process when you need to create a dual degree or certificate by adding a second Program of Study for a student. UK uses a system of priorities that is based on financial and reporting needs. The sequence, from highest to lowest, is:

- ◆ Medicine
- ◆ Dentistry
- ◆ Pharmacy/Law
- ◆ Graduate
- ◆ Undergraduate

When a student has two programs, one program must be marked as **Main**, and one program must be marked as **Additional**. To decide which program should be marked as **Main**, first apply the priority guidelines. If there are no priority issues, the choice is up to the student.

IMPORTANT

Verify that the new program has been added to the **current AND future term(s)** for which the student has an active main program. You may have to register the student manually for the second program for future terms already shown on the **Registration** tab.

Example: You have added a new program for current term Fall 2011, and future term Spring 2011 is also shown on the **Registration** tab

INCORRECT – The new program is not shown for future term Spring 2011. Both programs should be shown, just as they are for Fall 2011

Reg. classification	Priority	Program	Status	Acad. Year (Desc.)	Session	Valid F
Continuing Freshman	1	BARCH-DS	✓	Acad Year 2010-2011	Spring Semester	01/12/
Continuing Freshman	2	BFA-FA	✓	Acad Year 2010-2011	Fall Semester	08/25/
Continuing Freshman	1	BARCH-DS	✓	Acad Year 2010-2011	Fall Semester	08/25/

CORRECT – You add the new program to Spring 2011 so both programs are visible

Reg. classification	Priority	Program	Status	Acad. Year (Desc.)	Session	Valid F
Continuing Freshman	2	BFA-FA	✓	Acad Year 2010-2011	Spring Semester	03/10/
